

# Rapid City Regional Airport

Master Plan Update

General Aviation Focus Group

Kickoff Meeting - May 18, 2020

ENGINEERING, REIMAGINED

# WebEx Controls and Etiquette

- Bottom center of your screen is where you will find the icons. If they disappear, click anywhere on the screen.
- Please keep microphone muted until invited to speak by WebEx Leader.
- Please use “Chat” feature and select “everyone” if you desire to comment/ask a question and the “Participants” to see who is talking/commenting.
- Reminder that you may have your video “on” that allows you and your actions to be visible to others on this WebEx.
- If you cannot hear please select *Audio* on the top left and adjust volume.

# Agenda

- Introductions
- Airport Master Plan
- Focus Group Objectives
- Facility Discussions

ENGINEERING, REIMAGINED

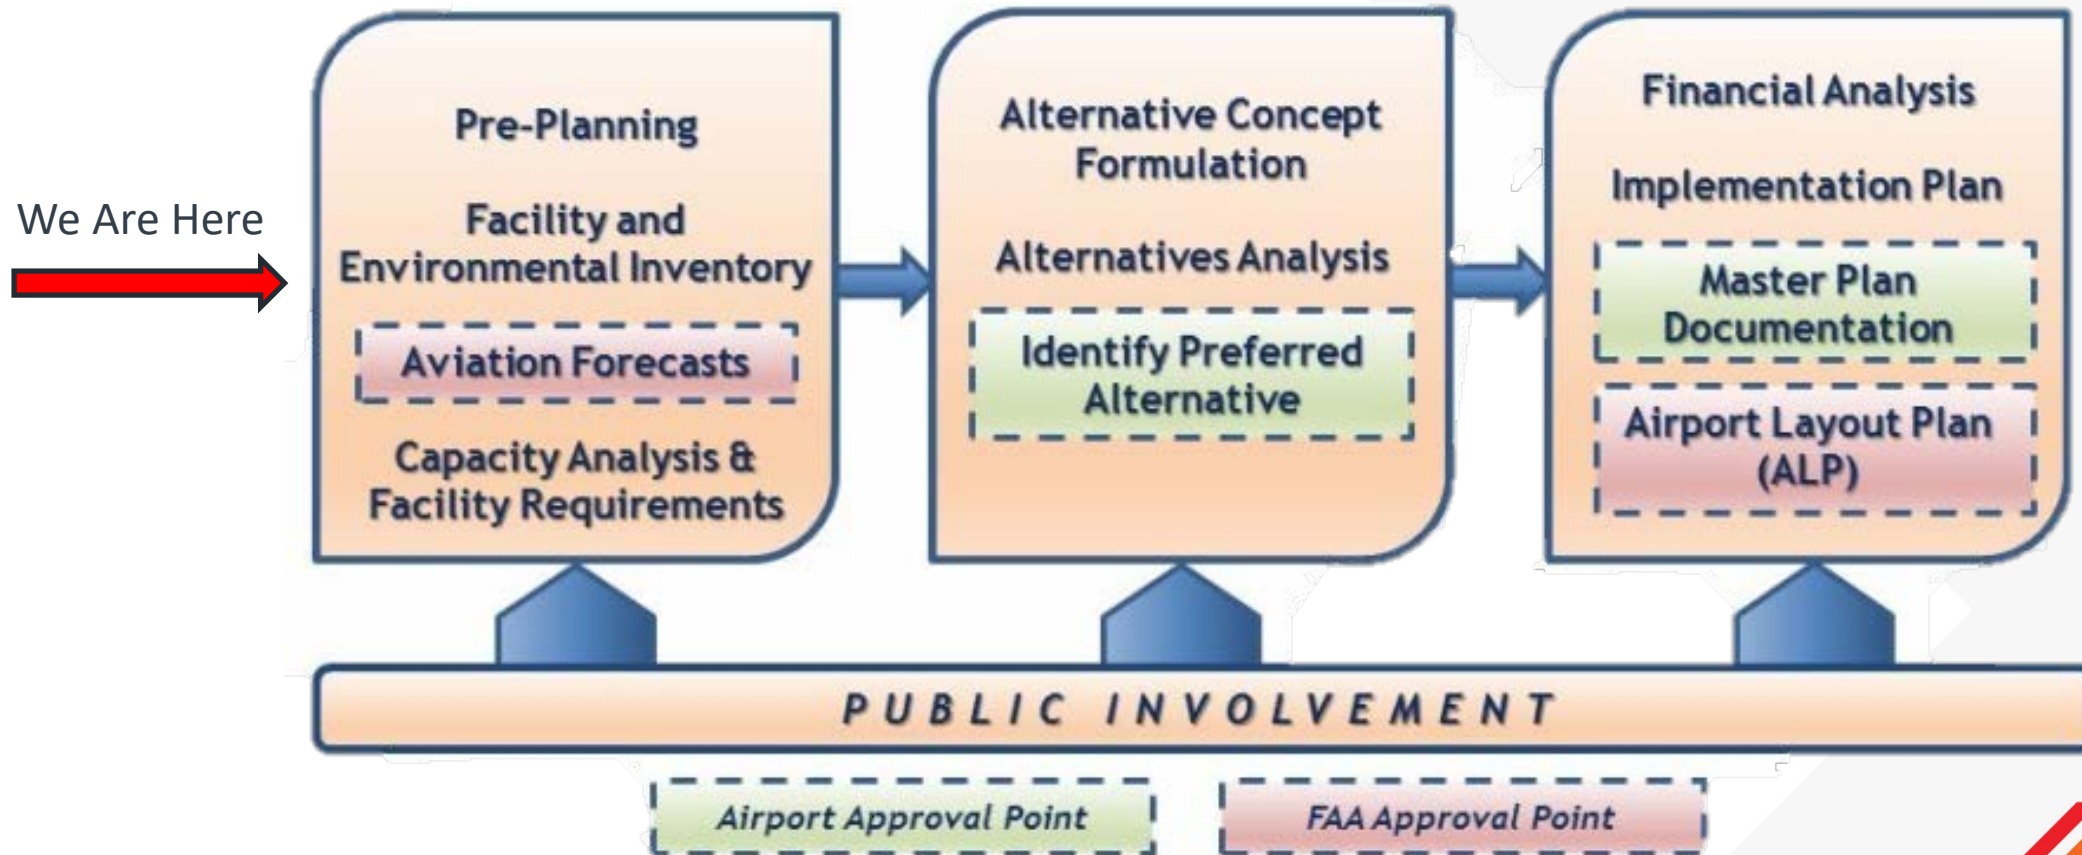

# Airport Master Planning

- “Road Map” for meeting aviation demands
- Preserves flexibility to respond to the future
- Allows airport to cost-effectively keep pace with aviation growth
- Considers environmental and socioeconomic impact of development
- Why is a Master Plan Update needed now?
  - Last Airport Master Plan completed 2014 but forecasted numbers have been surpassed
  - Continuity of operations – develop a plan to eliminate or minimize closure time of RAP’s primary runway.  
Examples: Reconstruction, Aircraft Incidents, etc.
