

January 11, 2024

General Aviation Advisory Committee

Committee members in attendance: Jim Schroeder, Rick Belsaas, Jerry Densmore, Miranda Mleki, Bert Corwin.

Meeting was called to order by Jim Schroeder

Minutes from the last meeting were approved

Staff Report:

Staff reminded hanger owners of the priority list for snow removal. If notice is given that snow needs removing in an area where an aircraft operation is going to happen, equipment will get there as soon as possible.

Another Badge Audit is happening, and everyone who needs a badge will be required to make an appointment and bring the appropriate paperwork.

Patrick gave an update on construction progress.

General comments:

Third quarter activity report was presented. This can be found at the RAP airport website.

Linda and Miranda discussed General Aviation Activity and the benefits of General Aviation to the Rapid City Area. Once again the explanation of the Cost Center distribution of income from General Aviation was discussed. General Aviation contributes a lot of income to the airport and city and well as the local economy. It was emphasized that the income produced gets lost in these Cost Centers, and it appears like a drain on the airport, when the opposite is true.
