Acknowledge receipt of this addendum in RFQ Attachment D – Acknowledgment of Addenda, page 21 of 23.

Please note the following changes or additions to the RFQ Documents for Architectural, Engineering, Planning and Consultant Services for Airport Grant Projects:

This notice amends the Request for Qualifications (RFQ) for Rapid City Regional Airport to include possible initiatives such as the construction of a deicing containment facility and the rehabilitation of pavement across runways, taxiways, aprons, and roadways. The skillsets required for these efforts align closely with those outlined in the RFQ. As a result, no changes to your Statement of Qualifications (SOQ) are necessary.
